1. Carefully align targets 1 & 3. A small registration mark has been provided at the bottom to assist. Secure with tape.

2. Trim the bottom corners from target 2 in the indicated areas.

3. Using a glue stick in this shaded area affix target two to the top of targets 1 & 3.

4. For best result turn over and tape the join between targets 1 & 3, or using a glue stick attach the whole target to a sheet of carboard.
